PROGRAM

If you are interested in stepping away from the usual tours of the city to experience and learn about Dubai from the residents perspective, then get your camera and good walking shoes ready because this tour is for you.

During the tour you will discover parts of the city the usual tours do not cover. Our local guide will pick you up at your hotel, drive you through the Jumeirah district where you will learn about the city's unique history by visiting one of the city's most beautiful neighborhoods. From there, you will continue through some of Dubai's oldest districts to see how the local community lives, where they work and how their everyday life is. During the drive, you will be able to stop at specific areas to photograph sceneries and people. You will also walk through hidden locations known only by locals and long term residents. From there, you will take a drive to Dubai's main trade district for an incredible walking tour of the city's back streets where you will be able to experience and capture the everyday hustle and bustle of the streets. Visit shops, stop at a cafeteria for a fresh juice or sandwich, visit hidden mosques and learn about how the local society functions by being at the center of it. This tour will then lead to the famous Dubai Gold and Spice Souks which are an absolute must-see on any visit to the city, followed by an optional trip across the creek to the Dubai Museum and Bastakiya District.
